

HERE WE GROW AGAIN

October was full of wonderful news and growth! On the 4th, the Pastor of a church coming into the UPCI and his wife were baptized in Jesus name! The next Sunday that we were in service with them, a woman received the Holy Ghost. God is moving in that church and we're grateful for your prayers and support!

NEW CHURCHES AND NEW PLACES

Micah had the opportunity to speak a few times this month. Across all services he spoke at there were four people who received the Holy Ghost and one woman who was delivered from a spirit. God is a chain breaker and we believe that this deliverance was a breakthrough for that church!

We visited two new churches in October! One was a church plant that is just now beginning. We had service under a tent outside. God moved even without a building!

In one of those services, two received the Holy Ghost. It's amazing to see the growth in Benin and all God is doing through the pastors here!

PRAYER POINTS:

- Continuation of growth we are seeing
- National Conference in December
- Our language Studies
