VOLUME IX

AS FOR ME AND MY HOUSE

Our children have grown so much during our time here. Our oldest often invites the people we meet in our community to the church. Our middle son has been seeking after the Holy Ghost. Weekly in Sunday school, they pray that other children come to church and they everyone may know Him! There's no better gift than doing the work of the Lord all while watching our children grow in Him.

A GREAT OUTPOURING

We are experiencing a great outpouring of the Holy Ghost in the Nation of Cyprus! 5 People have received this precious gift this past month. We have had first time visitors every week for the past 2 months! Multiple Bible studies are taking place throughout the week. It's an exciting time to be apart of His church!

We met Chris at a cultural festival in a village near ours. He quickly became our friend and it was my uncle who invited him to our church the next day! He received the gift of the Holy Ghost and after many Bible studies - made the decision to be re-baptized in the one true saving Name of Jesus Christ! Just like the book of Acts - Paul re-baptized some of the disciples- marking a new phase in the Gospel's expansion. So be it in Cyprus! A marking of the Gospel expanding through this country! Acts 19:5-6.
