

OCTOBER NEWSLETTER

CHILDREN'S MINISTRY

It has been a blessing to continue working with the children in October! I've watched as the children have grow more comfortable, begin to ask more questions and participate in praying. I've been working with a young lady named Helene this month. I had her teach the children and it was wonderful to watch as she engaged them and interacted with them. The children were absolutely captivated as she taught them. It has been beautiful to see the children's ministry grow!

BIBLE SCHOOL

I had the opportunity to teach in the Bible School this month. I taught three lessons and engaged with the students in questions. It was wonderful to see all the hard work and dedication that has gone into the Bible School here in Guinea. It has been an honor to help with the Bible School. From printing and binding to textbooks, to teaching. It has been a blessing to be involved!

TEACHING

Every other Wednesday evening, I taught on the importance of children's ministry in our churches. It was amazing to watch as the adults became more invested in what was being taught. I taught on how to build a lesson plan, the importance of teaching our kids while they are young and ways to engage our kids and have fun while they are being taught.

Every Friday night we would have field fellowship with the missionaries. We would share a meal together, play games and have a time of devotion and prayer. Every Friday we would rotate who brought devotion. One Friday I had the opportunity to give devotion on an island! I taught on the Red Sea crossing and how even we don't see a way through our circumstance, God has already prepared a way.

My time in Guinea has come to an end. I thank God everyday for allowing me this opportunity. I have met so many wonderful people and have grown in the Lord. As I prepare to return to the States, I know that I am returning home forever changed. I thank God for Guinea, the work that is here and for the Blackmon family. I look forward to my future AIM trips! Thank you for all your prayers and support. God bless!
