In the Name of JESUS !

3 Baptized in Adjagalo!

This month there was a project going on at the Bible school in Adjagalo. A baptismal was being built for the National Conference happening in December. The man who built it ended up being the first one baptized in it! He came at 5am to finish building so he could be baptized that day! He brought his friend to be baptized and before it was all over, a third man stepped forward and also wanted to be baptized! Micah was honored to baptize all three men in JESUS name!

Services & Prayer Points

Micah preached several times this month and God blessed in every service. One highlight was a service at Pastor Theodores church in Hevie. During this service, 1 received the Holy Ghost and 3 were delivered.

Please be in prayer for our National Conference coming up in December! This is a huge event and there will be many in attendance who need the Holy Ghost.

Happy Thanksgiving!

We had a great Thanksgiving in Africa! We got to celebrate with Micah's parents and the Gray Family. There was lots of food and fun. We played boardgames and had a great time fellowshiping. Of course, we also went around the room and said one thing we were grateful for. If we could go "around the room" in this newsletter, we would say we are grateful for YOU. Your prayers and giving are what made all of this possible. Everything we do is an extension of your support and we hope you feel that in every newsletter you read from us. May God richly bless each one of you!

THANKSGIVING 2025
