### DOBRY DEN! (HELLO, GOOD DAY)

In the month of November we traveled to Eastern Slovakia (approx. 4.5 hours away) to attend special services hosted by our church families and missionary family. We had a wonderful time in service and in fellowship! Many wonderful people came from Slovakia and Serbia to be in service.

This month we continued meeting in our home for Bible study and prayer on Saturdays. This is always a wonderful time of growing and learning together. We also continued with our mid-week ladies' bible study and mens' fellowship. We are happy that our 2 visitors have continued to join us for these meetings.

We were happy to continue our language studies this month and practice more as we go out in the community to talk with others. We are thankful for every friend and connection we have made!

Due to travel plans and schedules, we celebrated the holiday season early this month with our church family!

We gathered in our home to read the Christmas story, thank God for all He has done this year, and enjoy food with friends.
