

AIM Moldova Monthly Newsletter

November 6th – December 6th

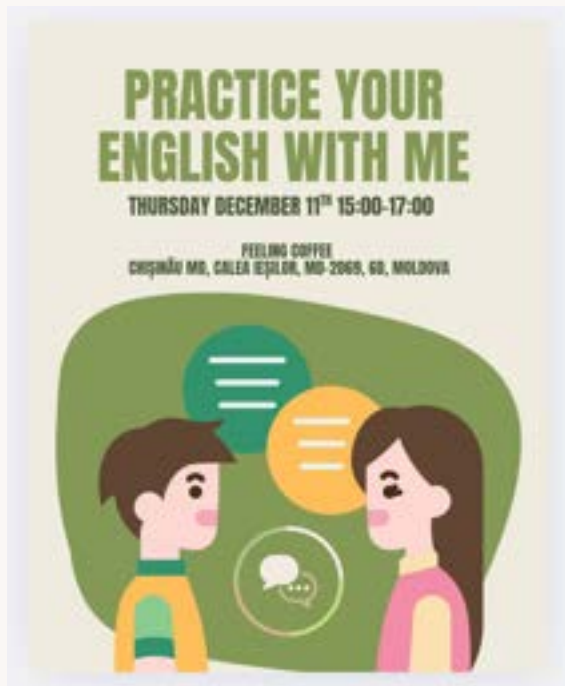

Sunday school

One of my tasks while in Moldova is teaching Sunday school! I prepare for my lesson during the beginning of the week and I print out the lesson and activities in English and Romanian. I have also made a Sunday school guideline/instruction document for future AIMers. We always start off class with an action song which the kids enjoy, next we do prayer requests and then we all pray together before we begin our class.

Universities

Every month my roommate and I go to different universities to hang up the English club flyers to promote it to students!

MK'S

I take care of the missionaries kids every once in awhile during English club and whenever is needed!

Social Media

During my time here I am overseeing the English club social media page. I am responsible for making flyers, responding to messages, answering questions, and making posts/stories. I have also created guidelines for the English club social media account.

Sunday service

We start off with preservice prayer and then we read a bible verse. I've been learning to sing in Romanian and Russian! Once worship is done the adults stay downstairs for a Bible study and I go upstairs with the kids for Sunday school.
