Fall - Update

Student Ministries across Western Europe are in full swing again, and we're already seeing God move in powerful ways. Students are being baptized and filled with the Holy Spirit! In Bonn, Germany, Sis. Marie has been witnessing to university students. Several have been saved, and now their parents are also beginning to attend church. What a beautiful ripple effect of revival!

Tent Revival in Vienna

In August, the COA hosted a tent revival right in one of Vienna's main parks. It was an unforgettable time of worship and preaching in the open air. A bold and public declaration that Jesus is still changing lives in Europe!

Training Seminars in Finland

Later in August, through some last-minute plans, I had the opportunity to join the Alphins in Finland for two powerful student ministry training seminars. This church is full of passion for souls, and I can't wait to see how God uses their students to reach their campuses and communities!

A Quick Trip Home

September brought a sweet change of pace as I traveled back to the USA to visit family and finally meet my new nephew(he's adorable!).

While there, I was also blessed to raise funds in Ohio - thank you, Bro. Linder, for your support! Another highlight was serving at General Conference, where I helped host the GSM booth in the Global Missions area. It was wonderful connecting with so many who share a burden for students around the world.

Back to Austria and Back to Work

Since returning to Austria, I've jumped right back into university life and begun developing a game plan to reach students on and around campus.

God is clearly leading us to Corneliuses; those hungry hearts who are already seeking more of Him. I am so expectant for what the Lord is about to do in this next season! Thank you for your continued prayers and support for student ministries in Western Europe. Revival is here — and it's just beginning!
