

INDIAN OCEAN ISLANDS

PREACHING POINT IN FLACQ DISTRICT

We started November with another wonderful service at our preaching point in Flacq. John preached about the blessings that come from living for God. We had some visitors who were touched by the presence of God. We believe big things are coming in this area, please continue to pray over this community. At the end of the month, we had another service at this preaching point, we praise God for the connections made here and their hunger for God!

YOUTH PRAYER MEETING

The youth, youth workers, ministers, and pastors came together for a special time of prayer over the next generation of this island; and prayed for direction for next year! We are believing God is moving mightily through them and they will lead this island closer to Him!

PREPARATION FOR CRUSADE

Many weeks this month were spent in preparation for the crusade at our headquarters church at the end of the month. Preparation included many prayer walks, and evangelization efforts in the Grand Rivière area of Mauritius.

During our prayer walks we claimed the upcoming revival we will see in this area.

During our evangelism we were able to connect with many people inviting them to church and sharing Jesus with them.

EVANGELISTIC CRUSADE

We came together for the final crusade of the year at our headquarters church in Grand Rivière. We had several visitors and many were touched by the presence of the Lord.

And, just in case this is the main reason you were reading this news letter.

Miss Amiyah Hope is growing beautifully! She is 2.5 months old, weighs 9 pounds, rolls over from tummy to back, and is overall the happiest little bean there is! She enjoyed her first Thanksgiving and spent the day laughing and snuggling mom and dad!
