Alwardt's in Aberdeen

December 8 – Students from Harvest Bible College in Glasgow made the three-hour journey to meet us here in Aberdeen for a prayer walk throughout the city. The day began with rain and heavy clouds, but as the students arrived, the clouds lifted and the sun broke through, giving us a warm, sunny day. We truly sensed a spiritual shift and are deeply thankful for the prayers lifted up both on site and from afar on behalf of Aberdeen.

Pictured Right: Jeremiah Preaching in Elgin

We were invited to minister at a nearby church in Elgin, Scotland. Jeremiah preached, and Jen assisted with music by playing the piano and singing. Being with a body of believers was such a blessing to our family, and we are grateful to Pastor Fyfe for the opportunity. After the service, the church transitioned into a shared meal where we enjoyed a warm bowl of gumbo as the congregation gathered for an extended time of fellowship, sharing stories and connecting with one another. The gumbo was made by fellow AImer Preston Gann, whose roots come from the Texas–Louisiana border; otherwise, gumbo would have never made its debut. The good news is there were no complaints—and Joelle enjoyed three bowls!

While the holiday season has been a bit quieter for connecting due to everyone's family and holiday plans, please pray with us that the relationships and connections we've gained will continue to grow and deepen in the weeks ahead as January unfolds.
