Happy New Year!

As I reflect on the past year with gratitude and look ahead to the new year with anticipation, I would like to thank you for taking this journey with me. Your prayers and faithful support are making an eternal impact for His Kingdom.

UPCR

I am rejoicing with the 20 individuals who were baptized in Jesus' name during the month of December. Of these, three have attended our Conversational English classes, and four regularly participate in weekly Bible studies.

This month, I also partnered with UPCR to teach their Seekers class for those desiring to learn more about being born again of water and Spirit. Each attendee was baptized in Jesus' name. We're believing for all to be filled with the Holy Ghost.

Conversational English

We successfully completed our six-week community Conversational English class. We are thankful for the connections we made and look forward to starting a new session in the coming year.

Bible Studies

Many from our Bible study groups gathered to celebrate recent baptisms and share an end-of-year appreciation fellowship. It was a joyful time of thanksgiving and encouragement.

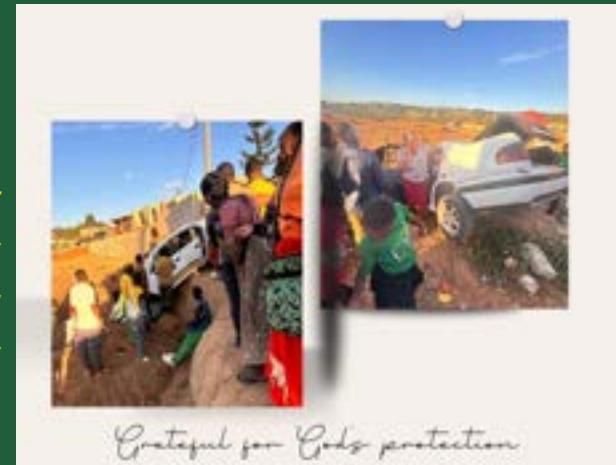

Additional Highlights

I concluded a season of community engagement, teaching Leadership and Public Speaking to ISOMO scholars. While the classes have ended, mentorship relationships continue, and I am confident God is at work through this avenue of ministry.

A few weeks ago, we were involved in a car accident while traveling to a Bible study. By God's grace, everyone walked away with only minor scrapes and bruises. We are deeply thankful for His protection.

Thank you again for your continued prayers and partnership. I look forward to all that God has in store in the coming year.

Prayer Request

Please partner with me in prayer for:

- An outpouring of the Holy Ghost, as the water covers the seas.
- Revelation and obedience to the gospel among the scholars who are actively seeking God in their lives.
