

BELIZE

JANUARY 8TH 2026, BAPTISM

Mission: Revival

As I got to Belize, I could feel the warmth of kindness that surrounds the country. Within the first week, we had two souls get baptized in Jesus name! The next few services Pastor Daniel Beccera was preaching about new things coming and God opening doors this new year. Surely enough this month has been that and more. One of the sisters from the church had a cancer growth of 7 inches. We had been praying for her and the next time we saw her she had said her growth had shrunk to 1 inch. 2 weeks later she testified she had been healed. Only God could've done it. She was at stage 4 cancer, but God had something new coming!

As weeks went by, the word preached by Pastor Daniel Beccera , was more and more evident. Just simply passing through stores, people would talk about Jesus and their needs. These were random people that were cashiers, security guards, or just workers. We had never met, but the hunger for God here is consuming. We started having Bible studies on Sundays for whoever is wanting to learn more of God. I have gone to 2 schools for Bible studie as well as participated in women's and youth service!

Your Impact in Action

I've had the privilege to help out Sister Eugenia at the Bible college in Belize City. Truly I can say I look forward to it every week. The presence of God is evident here! I have grown spiritually and in my ministry. I can feel God shaping me and molding me everyday. I am blessed to have leadership and mentors such as the Becceras.

Gatica-Cortes**

The church has been growing so much, we needed to tear down walls, LITERALLY! Thank you to all of the supporters that have helped the churches in Belize. I can attest that all of your support has been used to help build churches and help the Gospel spread. I am privileged to be here and see it happen in person. I have heard for many testimonies of Gods healing hand, life's being changed, and how much everyone has been blessed by the Beccera Family! Writting this seems so unreal. Within a month I have experienced Gods hand at work so much! Everyday has been a confirmation of Gods will in my life. I have truly never felt anything like this. The beauty of Missions is truly captivating. I see the efforts and dedication the Beccera family gives everyday and it truly has changed me and made me better for it. I love being here and waking up not knowing what miracle God is going to do next. The hunger people have for God is unlike anything I have seen. I want to serve God and help in any way I can. Thank you for all your prayers and please continue to pray for me and for what God is Doing In Belize! I can honestly say I can feel your prayers and it has helped me through this next chapter of my life. If you would like to Support me and Donate, you can go to my GM Page!
