January 2026

## WE MAY BE FROZEN, BUT WE ARE CHOSEN.

-REV. ROBERT KELLEY

It is hard to believe we are sharing our first issue of 2026! We're excited to be back and to welcome all our fellow readers to the Reaching Estonia Newsletter.

January 1<sup>st</sup>-10<sup>th</sup>, Jesse and I were based in Tallinn. We had a fantastic time with the church members as we begin this new year together. Let this year have great growth, revival, and relationship with God in Estonia!

As always, it was a blessing to be with the Tallinn Youth Group. Every lesson and interaction cultivates a special walk with the Lord.

Overall, we were at three of the four Sunday services in Tallinn. Abigail has started teaching to the young children in Sunday School. They were all super sweet and she loved teaching to them about Joseph and his coat of many colors.

Our hearts were full in Tartu as we gathered for church with our ladies. Studying the Word of God together during our Sunday services and Tuesday Bible studies is always a joy. A new year brings a new book, Romans, and we are thankful to welcome another member to our Tartu church family, joining us for both Sunday and Tuesday services.

Despite the temperatures reaching to negatives in Fahrenheit, it did not stop great things from happening. We are excited to share that we found a new building to meet for our Tartu church services. It is close to the bus stop for walking, a great price, and has free parking when the Tallinn church is with us.

We did not have our Estonian classes this month because the university is on winter break. However, we have studied the language on our own time to bring us closer to being fluent. Even if that seems far away.

On January 29<sup>th</sup>, our Tartu Youth Group happened and Jesse taught on Joseph's faith. It is super exciting to see the youth continuing to come back.

Those were our major highlights from January and thank you so much for reading our newsletter! Please look at the next page at pictures to see what is going on and how you can be more involved with this work.

Stay Warm!
