

# ANDORRA

Greetings from Andorra la Vella, the capital of the beautiful country of Andorra! We are so thankful to share that we were recently able to move closer to the country and secure an apartment which was no small miracle, as housing here is incredibly difficult for expats to obtain. This move was an important step in meeting our visa requirements and positioning us closer to the field we primarily serve. We are currently the only apostolic presence living in this region and we feel the responsibility and the privilege! For the second month God continues to fill our services with first time guests. We have also seen attendance for our Bible study increase as well. Thank you for your prayers and support. We cannot reach the precious souls in Andorra without you!

## Barcelona

This past month we traveled back to Barcelona where we ministered at the First International Pentecostal Church pastored by Bro. Monge & Sis. Paez. They offer services in 3 languages: Spanish, English, and Tagalog. It was a privilege to be apart of such a beautiful move of the Holy Ghost and we celebrate the growth this revival church is experiencing!
