

AIM Field Report

Month: February 2026

Joel & Ashley Castillo

Pentecostal of Gilford, Northern Ireland

Church Growth & Home Bible Studies

This month we are thankful to report that although growth has been steady and gradual, we are seeing clear progress. The Lord has blessed us with two new families who have begun faithfully attending church services.

Through home Bible studies, we have also been reaching another family in Omagh, building relationships and laying a strong biblical foundation. These personal Bible studies are creating connection, trust, and spiritual hunger. We believe this is only the beginning of what God desires to do within this community.

We are growing slowly — but we are growing intentionally.

Increased Prayer and Fasting

Since returning from the United States, our primary focus has been spiritual growth and discipleship. We have intentionally implemented a stronger emphasis on weekly prayer and fasting every Friday.

The results have been evident:

- A deeper spiritual atmosphere in services
- Greater unity among believers
- Increased spiritual sensitivity
- Personal spiritual growth among members

We are committed to building not just attendance, but disciples — believers who are rooted, grounded, and spiritually mature.

District Conference Participation

Waterford

This month we had the privilege of participating in the District Conference held at the church in Waterford.

I was honored to teach the Saturday morning session, and we thank the Lord for the liberty and strength He gave. Additionally, our praise and worship pianist was asked to assist during the conference. He humbly served and worshiped in spirit and in truth, and God used him in a beautiful way to minister to the congregation.

It was a blessing to support the wider body of Christ and to see what the Lord is doing throughout the district.

Our Ongoing Focus

Since returning from the U.S., our vision has remained clear:

Grow spiritually. Make disciples. Build a strong foundation.

We are not merely pursuing growth in numbers, but growth in depth — raising committed followers of Jesus Christ who will stand firm and bear lasting fruit.

Thank you for your continued prayers and support as we labor in Northern Ireland. The harvest is growing — one soul at a time.

In His Service,

Rev. Joel Castillo
