AMPer to Uruguay

## Youth Camp 2026

In February, Uruguay held it's National Youth Camp in the city of Rivera. A city located on the country's northern border with Brazil.

The camp was filled with fútbol, fellowship, and fun. But the most impactful moments took place during the services. We thank God for **3 young people who received the gift of the Holy Spirit** during this year's camp!

I was blessed with the opportunity to play keys for service, and to encourage the youth to reach their classmates with the gospel by starting P7/ CMI clubs.

# Community Connections

---

This month, the Lord has opened the door to many new discipleship opportunities. I was able to teach a Bible study to a barista at one of the local coffee shops I often visit. She has expressed a hunger to know God in a deeper way and she will be present in our upcoming Sunday service, Lord willing!

As I was walking in the city, I saw a man wearing a Detroit Pistons jersey. My hometown team! After striking up a conversation, I was invited to join his weekly pick-up basketball group where I had the opportunity to share more about my mission trip and our churches in Uruguay.

Though it is easy to become lost in our daily routine, let us remember that God is able to bring forth a harvest from our everyday interactions!

'14Ye are the light of the world. A city that is set on an hill cannot be hid. '

Matthew 5:14
