PHILIPPINE MISSIONS

New Year, New Life: Souls Added to the Kingdom

In the first month of the New Year, three Deaf were baptized and one received the Holy Ghost. Four friends visited for a week, attending five church services, two medical missions, and spending a day with UPBI Bible College students.

In January's second week, two baptisms were reported in Danao and one Deaf baptism in Iloilo the next Saturday.

Cebu Medical Mission and Revival

Dr. Marcus Cobb led a medical seminar at two Cebu churches on the third Saturday of the month. Attendees received blood pressure and blood sugar checks, and Dr. Cobb responded to medical questions after his talk. Supplements donated by Kent Sandine were distributed to all participants.

Dr. Marcus and Sister Jennifer Cobb and Brother Jonathan and Sister Violeta Castro ministered in three churches during their visit to Cebu. The Word was dynamic, the altars life changing, and the worship was intense. During the Friday evening service, one of our Deaf men received the Holy Ghost.

On Tuesday, college students received messages of encouragement from each guest. There was a beautiful time of prayer following the service.

Our friends donated clothing, shoes, and supplies to the churches and students, who were very grateful to receive them.

WE WANT TO THANK ALL OF YOU FOR YOUR LOVE, SUPPORT, AND PRAYERS. GOD BLESS YOU!
