## Bible School

Classes at the Bible School began February 2<sup>nd</sup> and we couldn't be more excited! Teaching at the Bible School is at the top of my list of favorite things to do and the 15 students this year (pictured at the top) have come excited and ready to learn about God, His Word, and ministry. In addition, several students have received the Holy Ghost since attending and will be baptized soon! We thank God for the opportunity to impact these students as they draw closer to Him and learn how to fulfill their God-given callings.
