

# AIM Belize

## JAN-FEB 2026

I landed in Belize City, Belize on January 12<sup>th</sup> and what a fantastic first month we have had. This month has been full of blessing, ministry and growth. I thank God for what he has done.

### The Cotton Tree Church has expanded!

We have torn down walls, and repainted. There has been continued growth in this village. We thank God!

### Teaching Bible Studies- personal and at schools.

## Corozal Ladies Service

We journeyed north to Corozal, which is approximately three hours away from my home in the capital city of Belmopan, to attend a special ladies' service. There was a powerful anointing on the service, and many women were touched by the presence and promises of God. Please keep the church in Corozal in your prayers.

## Miracles Are Happening!

- One sister in our church has been healed of cancer.
- Another sister after receiving prayer during a Thursday night prayer meeting, testified that her intense pain was instantly gone.

## On Sunday February 8<sup>th</sup> we baptized three young people!

# Placencia Weekend

We traveled South to Placencia through the mountains and jungle.

Fun fact: 50% of Belize is covered in jungle. We ministered in a youth service in San Isidro, the Lord met us in a beautiful way.

## Exploring Xunantunich Mayan Ruin

It is hard to believe that I have been here a month. Time does fly when you are having fun! To all who have given to make it possible for me to be here, from the bottom of my heart I say thank you! To all who have prayed, thank you!
