

Daily Life

We have been spending more time in Bible studies and starting a discipleship journey with Tahitians.

We prayed, interceded for loved ones, and shared meals in fellowship; as well as made time to support and care for those in need. One lady who got baptized lost her uncle.

Please, would you partner with us in prayer and intercession for... revival, revival and revival for French Polynesia!

Did You Know...

In French Polynesia, each flower of comestible vanilla is hand-pollinated due to the absence of its natural pollinators—making Vanilla × tahitensis one of the rarest and most labor-intensive orchids in the world.

The Work

Harvest time

We give God all the glory for the 9 Tahitians who were baptized this month! The eldest is 78 years old, and youngest in early twenties. It has been a blessing to see them take this step of faith. They are now continuing to grow spiritually through weekly group Bible Study discipleship.

Another Bible study was begun with a new couple! Regular Bible studies are ongoing, and we went to the hospital for a visitation and prayer.

Ladies Fellowship - Month Two!

We are grateful for our second monthly “Ladies Fellowship” meeting, and the joy of growing together in faith. This month was extra special as we also celebrated “International Women’s Day” here in Papeete!
