

Buceando en lo profundo

In my second month in Belize. I have been blessed to meet so many amazing people. It has been a pleasure getting to meet the faithful brothers and sisters of this great country! Being given the opportunity. Seeing doors open and feeling such love with open arms. I have felt so blessed and my heart and stomach are full.

MARCH 2025

Belize

GATS SEMINAR

>>> The Schoppes

It was an honor to be able to sit and listen in on Gats Training. Led by the Schoppes. With their experience and God given Wisdom. They showed what a leader must have in order to be a pliable one for his Kingdom

We also got to hear from Dr. Childs, Rev. Gilmore and Rev. Steele. They each taught on different Leadership Discipleship classes. Not just on what a leader is but how a Leader must think

>>> LEADERSHIP TRAINING

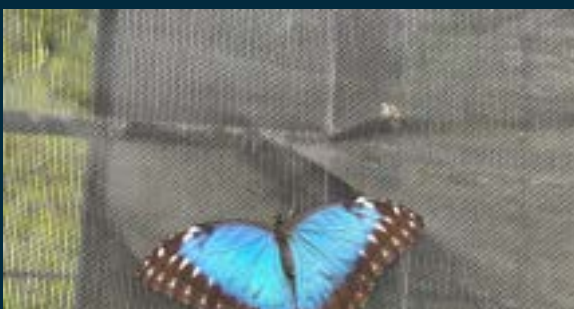

Dr. Childs, Gilmore, Steele

STRONGER TOGETHER

>>> AIMERS

With opportunity from the Becerras. The other two aimers and I had the wonderful chance to do popcorn preaching. The Lord tied each message together. The end result was a beautiful tapestry showcasing His Spirit being poured out!

>>> GODS CREATION

To all who listen

It always amazes me, the wonders of the world. How each area of the globe has such a unique design to it. God knew exactly what he was doing when he made Belize. From HummingBird Highway and Placencia there is true beauty unrivaled. I'm thankful for the opportunity to not just serve but to explode this great country! ¡Gloria A dios!

UPON THIS ROCK!

The work in Valley Community is proceeding according to plan. Most interior work is done, now it is time to paint. It's beautiful to see what was once an empty lot. But now become a full fledged temple of God. With people receiving truth and having souls baptized in the only saving name JESUS!

WHERE IT STARTED

It was a blessing to have my very own mother join me for a week. She has worked for many years in Children's Ministry and had the privilege to teach to the kids on several occasions. Aside from family time, it was good for her to witness the ministry and revival that is currently being poured out in Belize District!

SPIRIT OF GOD

Getting to experience Belize Worship is beautiful. God has made Belize an enduring people. A people who are hungry and on fire for Gods Spirit and Word! Let's Continue FORWARD!

May God bless you. Bless your family and home. Let's be apart of the bigger picture. Unified under one God!
