

PIO'S IN THE PACIFIC

March 2026

Associate Missionaries (AMP)

Greetings in Jesus' Name!

This past month has been a blessing here in the Bible school! We have gotten to know the students more and enjoy hearing their testimonies.

Sis Pio loves helping the students out with their homework and we have enjoyed learning Fijian cooking, as well as making some Filipino and Canadian cooking.

On the top far right is the second-year students that Pastor Pio teaches. About 20 students live on campus, with 9 from the Solomon Islands. One student was even baptized in Jesus' name!

We also enjoyed ministering at some of the local churches. For Palm Sunday here in Fiji, it is a service that the children participate. The bottom right picture was taken with the "two preachers!" They did an awesome job and they are actually sisters!

We were also blessed to have Rev. And Sis. Paul Brown from Missouri. They spent three days doing leadership training for the students and local pastors. We enjoyed travelling with them as they ministered on Sunday at two different churches.

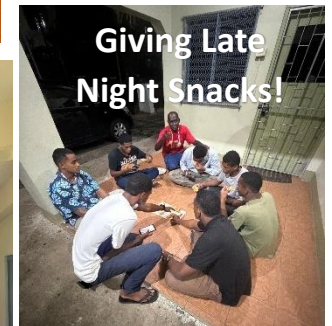

Thank you once again for all the prayers and support, as we continue to teach and train these students, as they prepare to dedicate their lives for the ministry.

May the Lord bless you all.
