

April 2026

AMP to Uruguay

United for
URUGUAY

IPUU National Conference

April started off strong with our IPUU National Conference taking place in Montevideo. We were blessed by the visit and ministry of Bro. Joey Bir, missionary to Chile.

We felt God's presence in a powerful way throughout the weekend. The conference was a great opportunity to make connections with like-minded believers, and make future plans for ministry.

We thank God for a powerful conference, and for all the men and women who were elected to serve in various positions across the national church.

What's happening in Uruguay this month?

Youth Outreach

I had the opportunity to join in youth outreach event in which we held a soccer match and Bible study for local kids.

Weekly Bible Studies

Seeking to invest into the SJ church plant further, we have begun holding weekly Bible studies/ music lessons.

Bible School Classes

I have enjoyed teaching a class on the Old Testament in the National Bible Institute.

Church Plant Growth

We had three first time visitors at our San Jose church plant who have now been present for multiple services.
