

Healing

An elderly Filipino man was healed of several chronic conditions: gout gone, poorly regulated blood sugar bordering on diabetes gone, elevated cholesterol levels normalized and a persistent itchy skin condition... gone! All in Jesus' name!

Did You Know...

In French Polynesia, "roulottes" are mobile food trucks that open mainly at night, serving local favorites like poisson cru, grilled meats, and Chinese-Tahitian dishes. They're a key part of Tahitian social life and street food culture!

Roulottes are a social tradition where locals and visitors meet, eat, and enjoy Tahiti's relaxed evening atmosphere.

The Work

Discipleship time & restarted Bible study

We have continued with weekly group Bible Study discipleship for the Tahitians who were baptized. We are praying and caring for those who are struggling in their new faith. An old Bible study was restarted!

Amazing New Bible Study Opportunity & Paul's birthday!

A wealthy Tahitian man offered me a weekly five-minute slot on his online, web-based Tahitian radio station, which he says has an international following of 400,000 and growing. I asked for a one-hour slot instead, and he agreed! We thank God for this opportunity and are excited about what He will do. Also, happy and blessed birthday to our son, Paul Isaiah! He is such a blessing!

Spiritual warfare

This was a month with intense spiritual warfare. We continue steadily moving forward gaining ground, understanding that greater is He that's in us than he that's in the world!
