

March Newsletter

Christina Flowers

March has been a full and engaging month for us at Harvest Bible College. On March 2nd, we attended service at Christian Life Church in Falkirk, where one of our students ministered through preaching the Word. March 5th–7th, Harvest Bible College hosted its annual Open Week, where several prospective students traveled to Glasgow to attend a Q&A, sit in classes, and join our weekly chapel. We made several connections during this week and were able to promote the college. The Sunday following this, we made our monthly trip to Church of Hope in Edinburgh, where one of our students ministered the Word. This month we also continued our prayer walking efforts and our involvement in New Life Church.

On March 21st, the ladies from Harvest Bible College attended the Scotland District Ladies Day hosted in Falkirk at Christian Life Church. We were blessed by a time of prayer and fellowship, and a group of us also went out into the surrounding community for prayer walking and outreach. On March 29th, Palm Sunday, our class was able to minister at Christian Life Church by leading their service in worship and ministering the Word.

Overall, March has been a busy and fulfilling month, and we are truly thankful for every opportunity we have received to serve and grow in ministry!
