

Amber Ward 2026

Amber Ward- AIMER to Finland

Field Notes

April has been a month of study and fellowship. As I have navigated my first year of college in Finland and have successfully wrapped it up, I can say that I am in awe of the work of the Lord. My friends and I have had lots of fellowship this past month, which has led to some new connections and has allowed them to see and feel the love of the Lord. This past month, I have been privileged to pour into them Godly advice and wisdom. I have prayed for them, and they have even called to pray with me. Discussions of Easter and why we celebrate have led to discussions of Pentecost! I got to see how much they trust and value my advice, and I got to show them how to have Godly and wholesome fun.

Personal Notes

This month was full of projects and exams. I cannot believe that I have completed my first year of Engineering schooling and have selected a major! This past month and even into May, I have been so blessed to have been able to celebrate Vappu with the ladies of Uudet Alut. Vappu is the celebration of Labor Day and a day to ring in spring. Most of the student body celebrates with picnics and other celebrations, and the lovely members of the church celebrated with me, and we walked around the city and had a beautiful day. Pictured below are the cherry blossoms which are in bloom, and they are beautiful. I have never seen them before I moved here, so being able to see them is really special.

with gratitude, Amber Ward
