Newsletter

May 2026

Greetings from Moldova! On May 18th I had the opportunity to fly into Chisinau, Moldova. After months of prayer, fasting, preparation and fundraising I am beyond grateful to be back on the field! My return to this beautiful country has been surreal after the extended preparation, the best way I can describe it is that it's like leaving home to come home! In just the short few weeks I've been here I have been blessed to be able to serve in so many capacities. This includes but it's not limited to teaching English club, assisting in Sunday school, helping with the Missionary Kids(MKs) and helping prepare for and pick up new friends from the airport!

English Club

My second week on May 28th I got to teach at the New Life English club! The topic I taught about and pulled vocabulary words from was working together and team work. In total we had 9 in attendance! Our discussion was really good and we spent two hours together. This English Club serves as a great place to invite and make new friends. Meeting on a weekly basis in this capacity assists in building trust and forming strong connections with local friends!

Connections and Friends

One of my favorite piece of being on the field is all the friends and connections I get to make and see from previous trips! It has been so good to reconnect with friends that were met on my first trip that are still faithfully attending our Sunday morning Bible study!

Another AIMER and I also got to pick up a friend from the airport that had never been to Moldova before. It is so awesome to see others first impression and build relationships over a mutual purpose and passion for building the kingdom!

Sunday School

Prayer Requests

Here are different areas that prayer would be greatly appreciated in!

- Residency process- At the end of June I will begin the process to get residency here in Moldova.
- Long-term housing - To get residency I have to have a long term housing contract. I am currently in a temporary apartment till July 1st.
- Healing and good health - many on our AIM team including the MKs have experienced sickness in different capacities!

Interested in partnering with me outside of prayer?
