

MAY Field Update

Bible Studies & Baptisms

In the month of May, we have seen God swing open the doors for multiple new Bible studies. Over the past few weeks we have had Bible studies in cafes, homes, and places of business. These Bible studies have included nine different nationalities from every continent (minus Antarctica!). The harvest is plentiful, diverse, and open to the gospel here!

As a result, we were able to baptize our first native Andorran in his home. We rejoice in this breakthrough and what God is doing in this region!

Prayer points:

1. More God connections with people in Andorra.
2. Powerful outpouring of God's spirit.
3. Increased revelation and growth in ongoing Bible studies and discipleship efforts.

Thank you for caring about, investing in, and praying for the nations of Andorra and Spain!

Bailey Dupont

Family Moments

We're so proud of our son, Ethan!

This month he graduated from Liberty University, earning both his high school diploma and an Associate of Arts degree in Interdisciplinary Studies simultaneously through dual enrollment, graduating Cum Laude. In addition, he also received honors from the National Society of High School Scholars.

He accomplished all of this while working part-time in the States, moving multiple times — including moving countries, and serving on the field with us here. Watching his hard work, discipline, and dedication pay off has been such a blessing. We are incredibly proud of him and excited to see all the wonderful plans God has in store for his future unfold!

Our daughter Alora also turned eight this month! We celebrate her larger than life personality and her love for people no matter what language they speak or where they come from.

While experiencing these life milestones without the presence of friends and family has been challenging for our children, we are so thankful for how they have handled the sacrifices of living on the field with godly maturity!

Thank you for covering our family with prayer!
