MARCH-APRIL

MARCH

First, I would like to thank the Lord for every new partner and every continued supporter.

In March, I had the opportunity to accompany missionary Sis. Paul to Brazil, which was an absolute blessing.

I have also had the opportunity to continue Bible studies with a professor at Universidad Rey Juan Carlos, which has been a blessing. I have begun Bible studies with a transgender young man as well. In addition, I continue to make new connections with students here on campus.

I have also had the opportunity to begin Bible studies with a teacher at a secondary school.

Students in Malta continue to send reports of the meetings they are having.

APRIL

April has been a wonderful month. Below, you will see pictures from a gathering that the students in Malta organized. They hosted an Easter event attended by Muslims, Buddhists, non-believers, and people from other denominations, all hearing about the true meaning of Easter.

In Madrid, we held a small gathering at the Complutense campus where we brought out a guitar, worshipped on campus, and invited students to join us. One student attended, and we have since begun Bible studies with her.

Bible studies also continue with a teacher at a secondary school, and she desires to be baptized. Please keep her in your prayers.

This month, we also had several students visit our church services, two were from France and one was from Romania.

GSM-MADRID

I am grateful to report that the young man I met on the train was baptized this month.

Please pray that the Lord continues to work in his life and gives him a love for truth and righteousness. Please also continue to pray for the teacher with whom I have been doing Bible studies.

One of the young people from Madrid connected with an Iranian woman during his internship, and we have started doing Bible studies with her. She would like to be baptized and receive the Holy Ghost, but she has many questions, as she was Muslim her entire life. Please keep her in your prayers.

Thank you to everyone who sent birthday wishes. I am so grateful for those who took the time to celebrate with me here in Madrid as well as in Barcelona.

GSM-ITALY

I also had the opportunity to accompany the team in Italy during one of their prayer walks. They are doing an outstanding job with GSM.

Please keep this nation and its leaders in your prayers. God is doing wonderful things through them.
