

MAY

OUR LAST MONTH IN BENIN

We are happy to report back on the class we co-taught at the Bible School! Ministerial Ethics went very well. They worked very hard and we are proud of their efforts. We enjoyed the experience of teaching together and found that we make a great team. Micah loves the in class work and teaching. Renee loves the behind the scenes work of administration. It ended up working out perfectly, we're grateful to God for His help through it all.

THANK YOU FOR YOUR SUPPORT

As our time in Benin comes to a close, we just want to express our gratitude to all of you. Your support and prayers are what allowed us to be here for a year and minister. Without you, we could've never gotten this experience. Every person we've been able to impact while being here is only because of you. Thank you from the bottom of our hearts!

VISITING A BRAND NEW CHURCH PLANT

We got the chance to visit a brand new church plant this past month! It's the third church that's been started by Pastor Paulin (the campus pastor of the Adjagalo Bible School). It was such a blessing to see a new work. It was a beautiful reminder to us that God will always have a voice. It is easy to think when coming by a village like this "How will this place be reached?" It's off the beaten path. It's out of sight...But God has perfect vision. We're so grateful for the pastors and ministers here in Benin who have vision and push the kingdom forward.
