

THE GREEN FAMILY

May 2026

May was a full and fruitful month in ministry! Britain preached three services, one of which was on Pentecost Sunday.

Across both Pentecost Sunday services that day, we witnessed five precious souls receive the gift of the Holy Ghost and one baptized in the name of Jesus. What a day of rejoicing!

Britain also taught at one of the local life groups.

Behind the scenes, Britain continues to help develop the Ministry Central Europe platform and has built a new tool that compresses video files, translates caption files, and dubs the audio into eleven different languages. We are excited to see the impact this accessibility will have across the entire European region.

Valerie is still dealing with a lot of pregnancy sickness but we are so thankful that she has been able to return to church and is able to slowly get out and about again. Speaking of pregnancy...

It's a... Girl!

We are so thrilled about our growing family, and the results are in! A baby girl is on the way! We received the blood test results while celebrating birthdays with the rest of the Barcelona missions team, and the moment turned into the sweetest impromptu gender reveal with pink flowers to surprise us all.
