

Greetings in Jesus Name!

God is so good! The month of May has been a month of rain, both physical and spiritual. On Mother's Day, Paramaribo received so much rain that we were flooded in our house for two days. The next Sunday proved to be much better weather. My family and I were able to be a part of the new Spanish speaking church started in Paramaribo, and in that service on May 17th two people received the Holy Ghost for the very first time. On Pentecost Sunday, we were able to secure a location for our first in person service in over a year. We thank God for this amazing outpouring of his spirit. Many received refreshing in the Holy Ghost and one young boy received the Holy Ghost. We rejoice as we are seeing the rain pouring out. Please pray that we will be able to find a place to hold service consistently every Sunday that is within our church's budget. God has been great to our family and our people. God bless you and your

family!
