

NSP - Benin

Arrival

We are all grateful to have arrived in Cotonou, Benin on May 29th safely and with all of our luggage.

French 101

Language study has been a highlight during our time here in Benin. I'm looking forward to all the lessons still to come.

Children

Children's ministry is desperately needed in this area as the population is predominantly young people.

New Places, New Faces

Every where you go you're greeted by a new face with story you've never heard.

There may be a language barrier but the name of JESUS can reach beyond that barrier!

The worship is just as vibrant as the people. The hunger and love the people have for God shows through their worship.
