

## J U N E   N E W S   L E T T E R

I am excited to share the wonderful things God has done in just three weeks during the Next Steps training program in Trinidad and Tobago.

During these 3 weeks 1 has been baptized in Jesus name and 2 received the sweet gift of the Holy Ghost. I have witnessed many lives being touched. It

has been a privilege to witness God moving in the hearts of his people and transforming their lives through His Spirit..

## Training

This month in Trinidad has been all about training and equipping us Next steppers on the mission field. I am thankful how the Lord has led and guided me throughout this journey. Each class has been a reminder that God is preparing us for the opportunities He has planned for our lives. I am looking forward to the remainder of this trip.
