

AMP BANGLADESH

Short Highlights

- Our online Tuesday youth sessions continue to go strong.
- Our BYM youth leader t-shirts came in and they look great! (picture above)
- I continue to attend 4 services each week, one at each of our locations in Dhaka.
- Preached regular services and taught kid's services this month.

Pentecost Sunday

While we strive for a move of pentecost every day, Pentecost Sunday is always a special event for the Apostolic Church around the world – especially in Bangladesh! Our churches in Bangladesh have reported a total of 301 people who were filled with the Holy Spirit on Pentecost Sunday. We praise the Lord for continued revival and harvest in each of our districts. Sreepur Church

Our Sreepur church celebrated its one-year anniversary this month. What began as a small home Bible study one year ago, has now moved to a new building and turned into a flourishing congregation with an active children's ministry. In addition, for the past month, there have been at least 2-4 new visitors each week. We are excited to see the growth this next year holds! (pictures on right)

The week after the anniversary service, we were able to pass out gift boxes to the kids, which were given through another Christian organization. Several of our pastors were able to give boxes to the children in their churches. (pictures at top of page)
