

Amber Ward 2026

Amber Ward- AIMER to Finland

Field Notes

May has flown by. In one month, I have encouraged my friends beyond measure through Pentecost, challenges of life, and have been able to show them Godly ways to have fun. I have also been in constant contact with one of my friends who is an unbeliever, and he has been able to witness the power of prayer in his life as the Lord has moved and provided for him. I have made new connections in an internship that I am in, and I am building new connections among coworkers and am praying for open doors to introduce them to Jesus. The Lord is also moving amongst my friends by allowing us to meet throughout the summer and fellowship. This is helping build camaraderie, and it allows me a chance to love on them, which is softening their hearts. I have been in contact with the family of one of my friends, and I have been able to build a connection there as well. Uudet Alut is busy as well with the Empower conference happening tomorrow! The fellowship with the believers we have been having has been a constant source of strength and joy in my week! I love the body of believers that we have and the community it has given me.

Personal Notes

This month, I have started an internship and have gotten into my major! The Lord has provided this wonderful IT internship, which challenges me and is helping me to learn new skills. Finland is buzzing with the first month of summer! The sun stays up for longer periods of time, and this is great because I can prayer walk while it is bright outside. I have been prayer walking more in my neighborhood as of late, but I also have been praying on the different campuses that I go to through my internship! I love prayerwalking because it gives me time with Jesus while also being a time of exercise that is fun. I have been able to see new parts of my neighborhood, and I can discern what needs to be prayed for in certain areas because not every area needs the same thing.

with gratitude, Amber Ward
