

# GERMANY

## A I M N E W S L E T T E R

LACY YOUNG

MAY 12-JUNE 12 2026

After a long flight from the U.S.A to Europe, I embarked on an even longer drive from Amsterdam in the Netherlands to Berlin, Germany! Even though I was exhausted and my body ached, it felt so good to be "home"

The first thing we did when arriving in Berlin is meet up with Bro. Keenan! He and I first met on both of our first AYC trip to Benelux in 2019. We had no idea that seven years later, we would be serving together in the beautiful country of Germany. I have so much respect for Pastor Keenan; He is wise beyond his years.

While attending a German language school in Berlin last year, I made many friends... two of which I got to meet up with again! Ivan is from Russia and Sueda is from Turkey. Last year, Sueda came to church with me to hear me minister. It was her first time in a Christian church and I am continually praying that both of them will know who Jesus is!

My favorite thing about the mission field is the "all hands on deck" mindset. You jump right in ministry and working for Lord. I had the privilege of joining the praise team and even ministering the Word of God on Pentecost Sunday. We have completed several prayer walks and have several more planned.

Both Bro. Keenan and I have really felt a burden for increasing the fellowship activities for the church. We have planned tours of different cities, game nights, and a newly implemented Wednesday night "In Person" biblestudy at my apartment! It's been great having the Carvajal family here helping us with all of those activities. God is building a great team here in Germany and we are so excited to see what He is going to do from here!
