Alwardt's in Aberdeen

June has been a month of answered prayers and breakthrough in the relationships we have been building. Throughout the month, we met weekly with families and individuals, many of whom are opening up about their faith journeys and sharing personal needs for prayer. It has been encouraging to see trust growing, and most days we cannot be out in the community without running into someone we know.

We are watching God stir hearts, and our prayer is that He will reveal Himself in such a mighty way that He alone receives all the glory. One woman shared with us that while Scotland has many beautiful church buildings, she feels there is a dead religion inside them. Her desire is to see God's Spirit move and bring revival to this nation. We believe God is already preparing hearts for the revival He desires to bring.

We also had the opportunity to participate in the Aberdeen Kiltwalk, an event where people walk to raise awareness and support for local charities. We completed the "Wee Wander" (the four-mile route) while representing The Jesus Church, and the highlight for Joelle was receiving her finisher's medal from a Highland cow!

Although we don't know what impact our presence at the event itself may have had, God had another appointment in mind. On our way to the starting line, we missed our bus because it left earlier than expected, leaving a taxi as our only option. During the ride, the driver began asking questions about God and Pentecost. As the conversation unfolded, he shared that years ago he had donated land for a church and remarked that it was "about as religious" as he ever intended to be.

When we arrived, the driver accepted a church card, and as he stepped away Jeremiah simply said, "Jesus loves you." He paused for a moment, quietly taking in those words. We haven't heard from him since, but we are trusting that God is continuing to work in his heart. Encounters like these remind us that there are so many people in Aberdeen who simply need to hear that they are loved by Jesus, and we are honored to be here sharing that message.
