

# AIM TO SPAIN JUNE 2026

OLIVIA DANIELS

Upon arriving in Spain, I embarked on intensive language study courses at the B1 level. I have truly cherished the challenge of pushing myself in Spanish immersion: speaking, listening, writing, and reading. An added blessing has been meeting and making connections with students from around the world.

It was an incredible moment when I had the privilege of speaking at a Dia de Amigos event without a translator. This event took place outdoors in a park for the Nou Barres region. During this gathering, the home groups grew closer, and faith-filled prayers were shared for those in need of a miracle. I feel so incredibly blessed to have the opportunity to learn and connect through the beautiful Spanish language!

God has been doing amazing things in the Sunday School ministry at Los Pentecostales de Barcelona. I have been grateful for the opportunity to serve in various capacities, including teaching, leading activities, and assisting with decorations for the upcoming Escuela Vaccaciones (VBS). The theme for this year's VBS is "El Verde Norte Es Jesús." I am thrilled to be collaborating once again with the team for the third VBS I have participated in at LPBCN.

Please pray for the VBS team and for the event to fulfill its purpose of guiding children toward salvation and a meaningful relationship with Jesus.

Robert K. Rodenbush training center classes are underway and it has been exciting to learn missions principles and apply them to the local work.

God has been moving mightily in our services and events at Los Pentecostales of Barcelona. I have been privileged to serve the work and pray for people in their time of need.

Please pray that God blessed the church and unites them in purpose as a building project is underway and daughter works are being launched.

At the end of June, I was able to see God move and work in Andorra. God's spirit was evident and many visitors experienced His love.
