

AIM TO SPAIN JULY 2026

OLIVIA DANIELS

Our RKR team went to Andorra to support the church there. The RKR team assisted with both the adult service and the children's service. It was the first children's service in the country of Andorra. The children were eager to learn about how God takes care of our problems just as David defeated Goliath! There were many first time guests that attended! Glory to God for the revival that God is bringing to this nation. Please pray that God will strengthen the work through new contacts and that more laborers will be sent!

Los Pentecostales de Barcelona hosted a VBS at the end of July. It was an honor to be a part of this event, which included an excursion to an adventure park, a full day of activities at the church, and a special service for the kids with their parents. We helped decorate, lead groups, and pray for students during the three days. God blessed these events and many children experienced His Spirit. God is moving in the children's ministry in LPBCN and I am so blessed to be apart of it.

European Youth Congress was held in Milan, Italy. It was a privledge to serve in this conference through helping with the registration team and with Global Student Ministries. Many nations across Europe were represented. Godly connections and alters were made. During the conference, there were students that were filled with the Holy Ghost and that were baptized. We praise God for His mighty works and His calling upon each youth that attended. .
