CRAFTING CIRCLE

This month we launched our crafting circle! Sis. Claudia helped us create flyers in Croatian and we put them outside apartments and even gave them to craft stores to show their customers our free events.

It was not a particularly successful endeavor for attracting new faces, but we had some wonderful fellowship with our church members and we have some ideas of tweaks we can make in the future to improve.

PENTECOST SUNDAY

We put special emphasis this month on Pentecost Sunday - with devotions about it each service leading up to it, a new song translated into Croatian for the occasion, and a special message "Dunamis/POWER" by Sis. Claudia about the power that comes only by the infilling of the Holy Ghost!

LEARNING CROATIAN CHURCH

As with all changes, learning to have church in Croatia has come with its own learning curves that we are still navigating. That includes Reece learning how to structure his sermons to be as translator-friendly as possible, and even reading a sermon in Croatian when our translator was sick. Arien is also currently learning to sing in Croatian while playing piano for worship service.

SUPPORT THROUGH PRAYER

Please pray for God to guide our steps and lead us to hungry souls. And please pray for liberty in the spirit for those who want to take a step of faith toward the Truth. We are also having car troubles and need to pray for the favor of the Lord as we work to resolve them.
