### SERVING

One of the greatest lessons I've learned during this month in Trinidad is that the kingdom of God was never meant to be built alone

Whether we're teaching Bible school, helping with vacation Bible school, visiting homes, serving in churches, outreach events or simply encouraging someone over a meal, every person has a role to play

Some preach, some teach, some pray, some go, some give, and some simply show the love of Christ but every part matters.

### PRAYER REQUESTS

- Continued unity among churches and ministry teams
- Open hearts throughout Trinidad & Tobago
- Strength for the youth and hyphen ministries
- More laborers for the harvest
- Blessings financially and help for local missionaries and pastors
- Revival and lasting discipleship throughout Trinidad and Tobago
