

JULY NEWSLETTER

Greetings in the wonderful name of Jesus!

As us NSPers finished the month of June and entered into July, we have continued to work hard in Trinidad and Tobago. We are thankful for every opportunity to serve the Lord.

We spent time working at Bible school while also preparing for Vacation Bible School. Along with that, we participated in services where we sang songs we had practiced and shared testimonies of God's goodness. We have taught on Wednesday nights and were also privileged to teach a few lessons during Bible school.

Throughout the month, we have been involved in VBS in several different locations. It has been a joy to see children learning about Jesus and responding to His Word.

One of the highlights of the month was traveling to Tobago for Vacation Bible School and revival services. During this trip, I celebrated my birthday, and our church family made it a very special occasion with a wonderful celebration. I am so grateful for the love and kindness shown to me.

God also opened an unexpected door during our time there. The missionaries invited the owner of the restaurant where we were celebrating to attend one of the revival services, and to our surprise, she accepted the invitation and came to church. It was a beautiful reminder that a simple invitation can make an eternal difference. During the revival, one individual came so close to receiving the Holy Ghost. We are believing that God will continue to work in their heart and that they will soon experience the infilling of His Spirit.

We are seeing God move in powerful ways throughout Trinidad and Tobago. Lives are being touched, seeds are being planted, and we know that the Lord is continuing to draw people to Him. As my time is coming to an end here in Trinidad and Tobago, I am so grateful for every moment of growth and opportunity I have been given,
