

AMP BANGLADESH

Khulna Division BYM Training & Revival Services

In June, I traveled to the Khulna Division to conduct a youth leader training for Bangladesh Youth Ministries (BYM), as well as some revival services.

Day 1: We held a morning revival service in the Chalna village with Pastor Don Bosco's congregation (top left of the page and top right on the right). We are thankful for 12 people who received the Holy Spirit and 12 who received healing in their bodies!

After service, I traveled with some of our national pastors to look at the land for the church that is being built for the Chalna congregation who currently meet in a small rented room on a rooftop. We took a great photo together (2nd from top on right). No, I did not really drive!

After lunch, we traveled to the Rajbandh village with Pastor Babla for another revival service (large picture above & 3rd from the top on right). They do not have a church building, so they meet outside. We praise the Lord for 7 who received the Holy Spirit!

Day 2: We brought together future youth leaders from 5 different villages to our Khanpur Church for BYM training (bottom on right). We were able to give out 6 of our BYM boxes! We also held a youth revival service afterward where God moved in a mighty way. In the evening, we held a revival service for Pastor Tapon's Khanpur congregation where 14 received the Holy Spirit and 8 received healing! (bottom of page)

We praise the Lord for all He did during this program! I am so thankful for our national pastors who work tirelessly behind the scenes to help us facilitate programs like these! (bottom left)

Mercy Medical Clinic & Children's Service

- Compassion Services International (CSI) provided all of the resources for us to host a medical clinic at our Bible School in Savar. We thank Bro. Jeremy Doughty for helping us make this happen! Over 200 people from the surrounding community received free medical care. AYC students were able to pray for individuals after they received medical care.
- At the same time, we held a large children's service with almost 200 kids from 2 local orphanages and the community. The AYC students did a great job getting involved and praying for the kids. 96 children recieved the Holy Spirit in this service!

Dhaka Revival Conference

While the AYC students were here, we held a large 3-day revival conference in Dhaka. We praise the Lord for 8 who received the Holy Spirit and 3 who were baptized in Jesus name during this conference! During each of the services, 2 AYC students led pre-service prayer, 3-4 students helped with worship, and one student preached a "fiery five".

Local Church Services: Vatara & Sreepur

The AYC students were given the opportunity to attend a local church service the Wednesday before they left. They were split into 2 groups to go to 2 different churches. At each location, 1 student led prayer and 2 students preached a "fiery five". We thank God for 1 person receiving the Holy Spirit at each location (2 total)! In our Sreepur Church, students were able to hand out bags of food to church members after the service.

Prayer Requests

- For the continued outpouring of the Holy Spirit throughout Bangladesh.
- For the youth of Bangladesh to grow in Apostolic doctrine and identity.
- For opportunities to spread the gospel in new areas.
- For the name of Jesus Christ to be revealed to the people of Bangladesh through visions and dreams.
