

INDIAN OCEAN ISLANDS

This month, just like every other month just seems to be flying on by! I can't believe we are halfway through the year already!

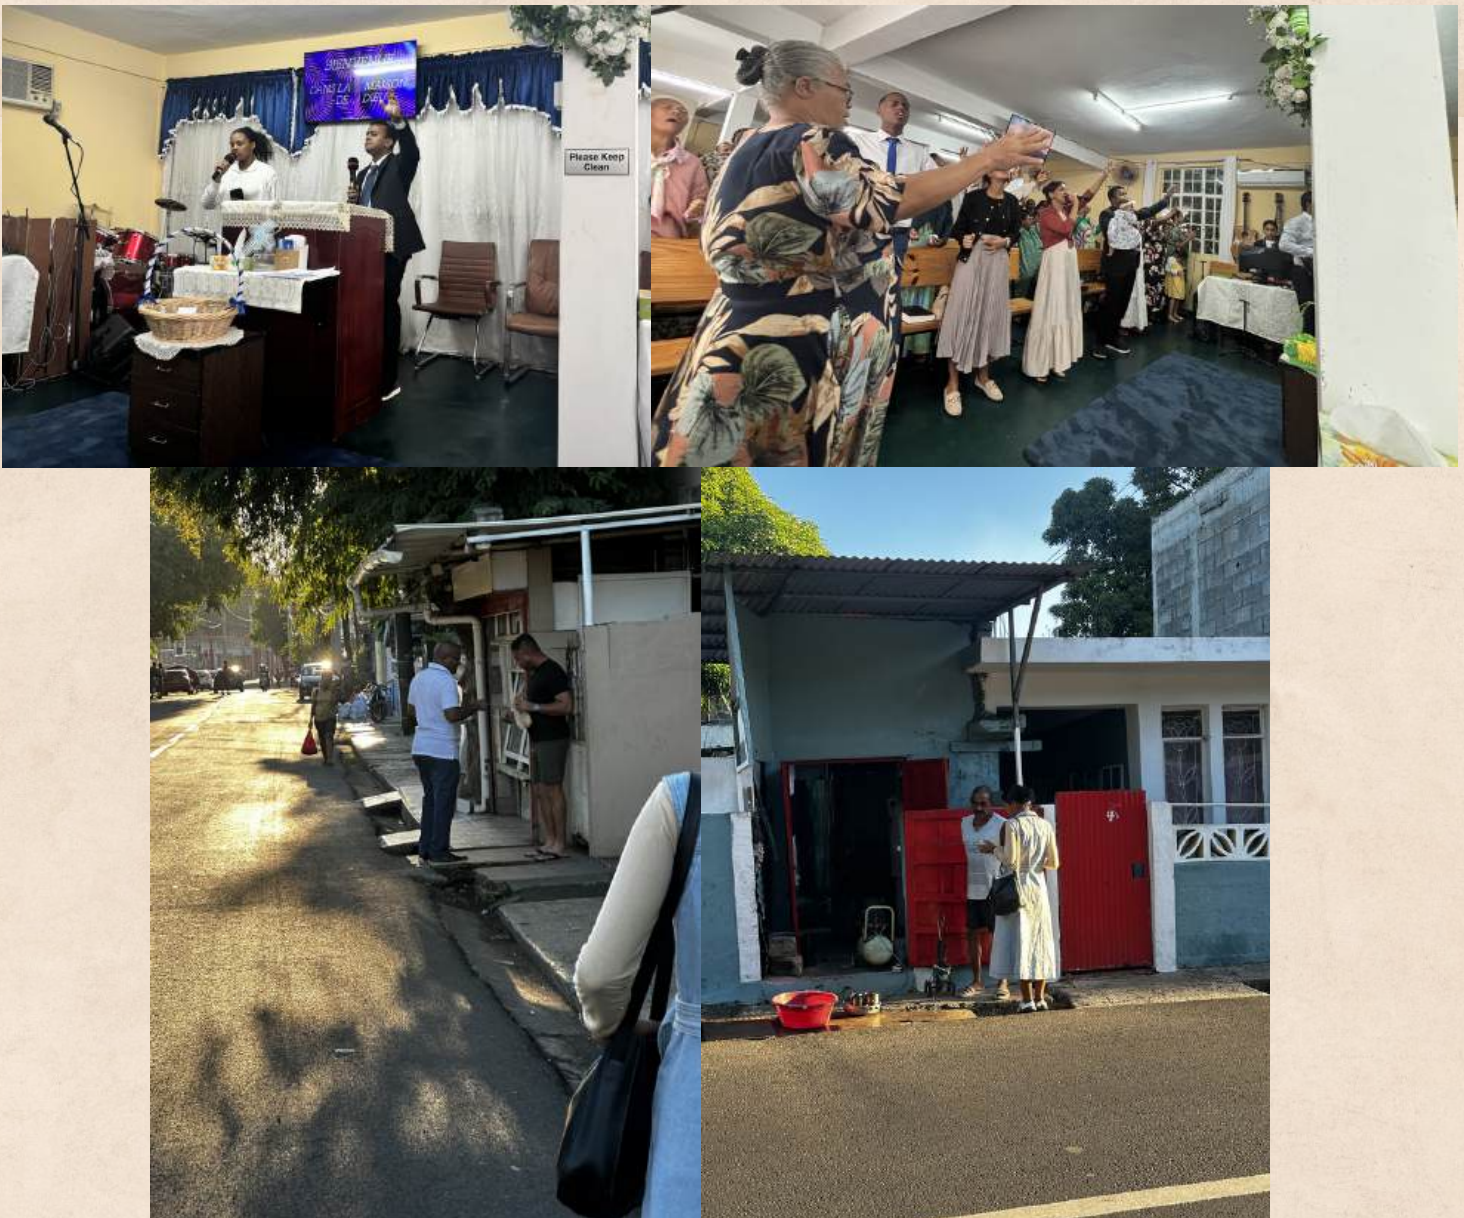

BELLE ROSE

God provided us with a building for our new church plant of Belle Rose! This month we have completely transformed it into a new and exciting place for us to have services! We thank God for His provision and that we were able to get this place up and running in such little time! First we did a deep cleaning of all the rooms and toilets and then came electrical work, installation of fans, constructing a new platform, and hanging curtains and changing lightbulbs! The churches all came together to support the work!

TERRE ROUGE

In the church of Terrerouge we had an evangelistic crusade this month. In preparation, we had prayer meetings, handing out tracts, and two days of service! We felt the presence of the Lord in our services, please pray that it continues to change lives in this region!

VISAS

After review of our visa applications the office of immigration called us in for an interview. After a long discussion the immigration officer had in his mind doubts about our intentions here in Mauritius as we are considered only “tourists.” In order to appease their requirements we were forced to move out of the missionary apartment in the HQ church and found a townhouse to live in the northside of the island. We also have deleted any content on our social media’s in regards to missions work in order to sustain the efforts we have made here. We are still waiting to hear back about further updates, but please pray with us that God’s will would be done.

MO YOM

Although we don’t have any pictures, we have also been busy this month to prepare for the arrival of Missouri

Youth on Missions!

We are quite excited to host a group of visitors and show them our burden and what it means to live in a primarily Hindu nation!

With that being said, there is lots of work to prepare for these visitors! But, we are grateful to God for His commission and for people answering the call to go!
