Teaching

RKR Training

RKR training sessions started the week after my arrival, and they have already made a lasting impact on me. I cannot fully express how much I have learned or how these lessons will continue to influence my ministry after I leave. It has been an incredible privilege to hear from experienced missionaries and individuals who have walked this same path and to learn how the Lord faithfully led them along the way.

Not a single class passes without me recognizing the presence of the Holy Spirit in the room and in the words of each speaker. I am so grateful that the Lord allowed me to be here during this season and that these individuals have willingly given their time to help equip and prepare another generation of laborers.

Greeting

Dios Lo Bendiga!

Bon Dia from Barcelona! I pray that this newsletter finds you well! Since this is my first AIM appointment, I was not quite sure what to expect or how to begin my first newsletter. However, with the Lord's help and the guidance of some very knowledgeable people, I hope to share a clear picture of what God is doing here in Barcelona and in my life during my time here.

We have had many missionaries and ministers come to teach at our training and each of them have shared incredible stories and advice from their time on the field. Some of the standout visits include:

- Bro. Richard Grandquist
- Bro. James Corbin and Sis. Elizabeth Corbin
- Bro. Bruce Howell

Each of these individuals were a tremendous blessing not only to my ministry, but to my life as well.

Dia del Amigo

Ministry and Serving Getting to Work

I have had the opportunity to be a part of some amazing ministries while I am here in Barcelona! I am currently helping with set-up for the upcoming VBS in July! I have also been assisting the team with Sunday School classes and their Friend Day service.

As part of the training center, we have joined prayer walks throughout the city and distributed church cards in L'Hospitalet, where one of the daughter works is getting started. The church is continuing to grow, and it has been amazing to see how God is working in Barcelona.

I also had the opportunity to visit a church in the neighboring city of Rubí. It was wonderful to experience another church in Spain and begin applying some of the lessons I have learned at the RKR training center.

Several lessons and activities at the training center have required me to step outside my comfort zone. Although that can be challenging, I am grateful that the Lord is helping me grow and better prepare to accomplish His will.

THANK YOU

I want to express how thankful I am for the Ueckers, the RKR Training Center, Los Pentecostales De Barcelona (LPBCN), and all of you for your support! I could not be here without your prayers and giving. Every role in God's Kingdom is important! Please keep Barcelona in your prayers and especially LPBCN! Pray that the Lord will send individuals that are willing to help spread the Gospel. Thank you and God bless!

Cultural Exploration

Since arriving, I have had the opportunity to visit several beautiful historic sites and learn more about Barcelona and its strong Catalan culture. As someone who speaks very little Spanish and even less Catalan, communication can sometimes be difficult. However, the Holy Spirit transcends every language, and He continues to help me each day.

In my first week, we visited the Museum of the History of Catalonia to gain a deeper understanding of the culture and the people we have come to serve. Learning about Catalan traditions and history has been incredibly interesting. Last week, we visited the Barcelona Cathedral and learned about the pope's visit to dedicate the Sagrada Família.

The strong Catholic influence throughout the city can make it feel spiritually heavy at times. However, I pray that we can be a light and share the hope of the gospel with them.
