

Back to Montreal!

We are grateful to the Lord Jesus for bringing us safely back to Montreal. Thank you everyone for standing with us in prayer and faith. We are excited to see what God will do next.

Did You Know...

Polynesian mythology features gods and heroes like Māui, and Pele, whose stories celebrated creation, the ocean, nature and the strong cultural traditions of the Pacific islands. Beginning 1815, and through 1816, idols were publicly burnt as Polynesians turned to God and the Bible.

The Work

Our Final Sunday in French Polynesia

Our last Sunday service in French Polynesia was filled with emotion and gratitude. As we prayed for everyone, one first-time visitor was refilled with the Holy Ghost! We also had the joy of recognizing and celebrating those who completed the *Exploring God's Word* Home Bible Study. Congratulations to six students for their faithfulness and commitment to growing in God's Word!

Baptisms—Revival overflows to the next island!

God opened a door in the island of Moorea! During our last days in Tahiti, we enjoyed a day trip to Moorea with two friends we recently baptized in Tahiti. But God had other plans. Through an unexpected meeting, we were invited into a family's home, where we shared about Jesus. One woman decided to be baptized. But we ran out of time and had to catch the ferry back to Tahiti, so we returned a few days later to baptize her. What started as a simple day trip became a beautiful reminder that God's plans are always better than ours!

See you soon!

It's not goodbye—it's see you soon! Now a piece of our heart will always remain there with the wonderful people of Tahiti—and Moorea. Thank you for the love, gifts, and precious memories that will stay with us. Until the good hand of our God will bring us back to French Polynesia.
