

JULY 2026

Monthly Missions Newsletter

WEEK 1

First week of July we had a talk with the kids about dental hygiene! We also had our monthly outing and the kids absolutely loved it! I spent the weekend helping out at the girls house with cooking and helping with cleaning!

WEEK 2

This week was a usual week spent helping the kids with their homework after lunch! Some of our kids love to have fun especially when its time to get down to business! I had a blast helping the kids and spending another awesome weekend in the chicas house, helping out the Tias!

WEEK 3

We had a birthday this week! One of the boys here turned eight years old! We had a blast eating cake and having fun with the birthday boy!

We got to ride the bikes up and down the street and everyone had a great time! We absolutely loved the fresh air and awesome view of the mountains!

At the end of this week we had an amazing group from The Life Church - Dallas come and help clean up HOME and minister to the kids!

WEEK 4

On my last week here we went to Sunday service at we had a special send off for AIM'er Sister Silvia and I. We laughed and we cried! It was a fun week and a very hard goodbye! The Lord has done great things here at HOME Intl! The kids have been absolutely wonderful and it's been an honor and privilege being here! Thank you to everyone who made being here possible!

PRAAYER POINTS

- *The Children: The children here come from varying and difficult backgrounds. They're going through a season of transitions and need teh prayers to help them transition successfully!*
- *The Tias/Tios: Here with the focus on the family atmosphere, the maintenance workers, office/admin workers, and weekly caregivers are called Tias (Aunties) and Tios (Uncles). They spend week after caring for these children and they are in much need of prayers for a renewed strength and that the love of Christ flow in them and through them! That God help them to bring stability and care to these kids who need it!*
- *The Missionaries: That the Lord help them to continue the work being done here at HOME and throughout Guatemala and Central America!*

THANK YOU!
