

God is good! In May, we hosted a Sunday School teacher training session; with 5 churches attending & each one being gifted either puppets or material to get their children's ministry started. We also had a children's day event—complete with clowns, puppets, prizes & games—over 90 people were packed into our little building that Sunday! Two families have continued to come to services due to the impact of that event.

In June, we traveled to Juarez, Chihuahua for an evangelism seminar for the district pastors & ministers. We preached at three churches & handed out over 4,000 Acts 2:38 tracts to the Juarez district ministers. We also preached in another church in Nuevo León, that has services in the street. They don't have a building yet, but people are hungry to receive the Word on the front porch & out on the street.

Throughout the months of July and August, we traveled to several zonal conferences all over the Mexican republic (Chihuahua, Morelos, Zacatecas, Chiapas, Yucatán, and Nuevo León) to share more than 50,000 of the Acts 2:38 tracts! God moved mightily in the men's, children's & missions services we were able to preach. God is using everyday people, like you & us, to reach the world around them.

Every third Saturday of the month, we have been teaching Bible studies on Jesus name baptism at rehab centers. There are eight who want to be baptized & we are waiting for permission to be able to have a baptism service. Lives have been impacted by this ministry. A young lady who was a 'hitman' for the cartel had attended these Bible studies & upon her release, went back to her hometown, found a church & is now helping others to come to Christ. To God be all the glory! Thankful for His transforming power!

We appreciate your continued prayers & faithful support for our family and ministry. May we, together, continue to expand God's Kingdom reaching the lost,

The Escamilla family
