

Brazil

Our lovely MKs

I have the privilege and honor to know these kiddos. I heard they are history itself as they are the first triplet MKs in the UPCI. Whether it's true or not, one thing is true. They have been engraved in my heart. On this AIM trip i've been able to meet 3 other Aimers and we've had a blast helping and caring for these kiddos. We were also able to celebrate Grant's birthday this month! They are truly growing to be the cutest and coolest apostolics! Grant, Lydia, Ronan, and Lexie have definitely helped me learn a lot of Portuguese They are amazing teachers!

First Month

When I arrived to Brazil, it was nothing short of amazing! From the architecture to the people. I have loved being here. The people are kind and welcoming. Thankfully I am fluent in Spanish so learning Portuguese has been easier. I had the privilege to meet Sis. Tifanny's parents! I enjoyed hearing Bro.

Wachtstetter teach at the GATs seminar of Paraguay. I'm grateful to have been able to experience my first month here in Brazil with my fellow Aimers. Definitely made some friends and sisters in Christ

I had the wonderful opportunity to travel to Paraguay with the Andersons for the GATs seminar of that country. I was able to get to know the former missionaries of that country and make some friends like the pastor's wife Sis. Yoli of the church of Asunción, Paraguay. Even though we were rooting for different teams for the World Cup , We all were having a blast getting to know each other! It really showed me that no matter where we come from, We are all One church with One God!

I have made many friends including Davi and Pietro who are the pastor's sons of the Moóca church here in Sao Paulo! They have introduced me to a lot of Brazilian pop culture as well as helped me a lot with my Portuguese. But our favorite thing to do is to talk about music and Jam out at church !

One of my favorite things to do here is going to different churches and getting to experience the revival that is happening here in São Paulo. No matter where I go there's always that Godly love that connects us all.

Holy Gatica-Cortes
