EYC IN MILAN

We were so blessed to be able to attend EYC this month! We had not expected to be able to go, but the Lord used the kindness of others to make a way for us to be there. It was so inspiring to see Europe's youth so passionate and on fire for God. We left truly refreshed, refilled, and beyond excited about the work in Croatia.

WE HAVE A VEHICLE!!!

We could not be more excited and grateful to have our car back! We received it July 13 and it has been driving perfectly. Instead of being limited by expensive Ubers into the city, we can now come and go as we please and really get back into what we have wanted to do here all along!

In addition to our weekly outreach and connection with church members, we are prepping for a special event this summer. We will be hosting a small VBS at the church for children ages 9-13 and we pray it plants seeds in the next generation that church and the Word of God is ALIVE and can speak into their lives! It will be August 20-21 and we are prepping as we speak!

This link won't work for forever, but for August at least you can see our VBS website here:

SUPPORT THROUGH PRAYER

Please pray for God to guide our steps and lead us to hungry souls. And please pray for liberty in the spirit for those who want to take a step of faith toward the Truth. This month we are asking special prayer for VBS 8/20-8/21 for God to move through the event!
